

LES LOGGIAS
DU MARCHÉ

This is a detailed architectural floor plan of a building. The plan shows various rooms, corridors, and service areas. A large section on the right side of the plan is highlighted in yellow. This highlighted area includes a large open space, a grid-patterned area (possibly a terrace or parking), and several smaller rooms. A red line is drawn across the yellow area, indicating a specific path or boundary. The plan also shows a central staircase area with a spiral staircase, a central corridor, and various rooms with doors and windows. The building's footprint is irregular, with a large section on the left and a smaller section on the right. The overall layout suggests a complex building with multiple functional areas.

Total surface habitable :	64,85m²
Terrasse	14,05 m²
